GEMS, MINERALS AND FOSSIL SHOW

SAT. NOVEMBER 18th and SUN. NOVEMBER 19th
10:00 am to 6:00 pm 10:00 am to 5:00 pm
Come and see displays, gems, geode cutting, fossils, minerals and shopping. Fun for all ages and register for our door prizes and demonstrations

READ ACROSS AMERICA

Our staff is available to come and participate in any reading programs that you offer during the school year. Contact us and we can help.

SCHOOL ACTIVITIES

HCPR Staff is available to assist school personnel on your special activities. We are also available to help with fairs (math, science, social studies, etc.) as judges.

GROUP OUTINGS

Available for all enrichments
(Youth Groups, Senior Citizens, Scouts, 4H, Home Schoolers) of 20 or more, by appointment only,
Monday & Wednesday evenings and weekends.

GUEST SPEAKERS

HCPR Staff is available to speak at your school, club, faculty senate, PTA, etc. about events involving Parks and Rec and our Enrichment Programs.

END OF SCHOOL YEAR EVENTS

Schedule our Enrichment Staff to help with your field days, picnics and trips with a combination of games, contests, races and sporting events. These events can be at your school, parks or at the HCPR Recreation Complex

ENRICHMENT PROGRAM GUIDELINES

Enrichments & Family Days are FREE

- Held at the Harrison County Recreation Complex
- 1/2 Day or All-Day between 9:00 am & 2:00 pm
- All program content is age and grade appropriate
- Maximum of 100 Participants
- Minimum of 20 participants
- Managed through Rotating Stations
- Please limit additional chaperones to six
- Meets your curriculum and ELSF/CSO requirements
- Registration for all Enrichments begins:

Mon. August 28th - 9AM

Registration is by e-mail only.

Send requests with dates and times to Mike Book at:

mbook@harrisoncountywv.com

****If dates are unavailable, alternative dates will be offered.****

- Upon confirmation of dates a link to complete registration will be sent to you
- ***Incomplete registration cannot be held past one week***
- Contact by email to address above for special arrangements for your Youth Groups, Clubs, Home School Students
- We have limited accommodations - so please do not bring other siblings when chaperoning!

****Please Note****
Due to the Smarter Balanced Testing
January 29th - February 16, 2018
will be reserved only
for classes 3rd grade and up.

OUTDOOR ADVENTURES

Book an adventure tailored just for you

SEPTEMBER 18 - NOVEMBER 3
Family Day
Sunday, Oct. 1, 1pm - 4pm

Encounter nature's critters in our outdoor classroom venture on our Nature/History trail, become involved in outdoor sports or find geocache treasures. Join the fun around the campfire and be sure to save time for our playground. *Don't worry campers ... many of our activities can be moved indoors in case of rain.*

Book your adventure from these exciting options:

GUIDED NATURE/HISTORY TRAIL - (All grades) "Do you see what I see" scavenger hunt - spot nature from pictures and learn. "Animal Tracks & Fossil Finds" - search our trail and learn to recognize animal tracks and discover fossils. Find answers for why leaves change colors and make flower bookmarks.

BEES, BATS, BIRDS, BUTTERFLIES - (All grades) Hands on study of fascinating creatures and their role in nature. Taste honey - make bird feeders - Echo the bat teaches remote sensing and learn of magnificent metamorphoses.

FOOD DOESN'T GROW IN THE SUPERMARKET - (All grades) Hands on experience to discover the nature/food connection: Plants and seeds. Visiting classes will bring back a herb garden green house to their classroom.

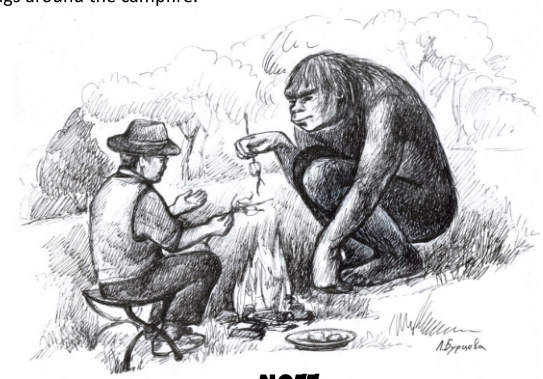
GPS EXPLORATION - (Grades 3-5 and middle-high school) Find hidden geo-cache treasures with handheld global positioning satellite (GPS) units. Math, science and geography skills are used. Topics also include how satellites are positioned and how signals are transmitted.

ARCHERY - (Grades 3-5 and middle-high school) Instructors are certified through the National Archery in Schools Program (NASP)/4H Shooting Sports. Learn the basics of proper shooting form, stance, grip, draw, aim, release and follow through. Safety is forefront.

LIFETIME SPORTS - (All grades) Beginning skills are taught in sports you can play throughout your life. Disc golf, badminton and bocce.

THE GREAT BACKPACK ESCAPE - (Grades 2-5 and middle-high school) Follow clues to earn your escape.

HAYRIDES SMORES & MORE - (All grades) An old fashioned hayride ends with songs around the campfire.



NOTE:
KEEP YOUR EYES OPEN
FOR EVIDENCE OF BIGFOOT AND POSSIBLE SIGHTINGS.

ROCKETS, ROBOTS & THINGS THAT GO BOOM

NOVEMBER 27 - DECEMBER 21
Family Day
Sunday, Dec. 10, 1pm - 4pm

Science discovery will be put in the hands of children. Choose from these "Hands on / Minds on" activities that highlight science, math and space.

UP, UP & AWAY - (All grades) Design, build and launch straw rockets, stomp rockets, water rockets and even rocket racer cars. Newton's Laws of Motion will be put to the test.

MARVELS OF FLIGHT - (All grades) Aeronautic themes with motion and forces emphasized. Bernoulli activities, vacuum chambers, paper and balsa wood airplanes

LEGO WeDo 2.0 ROBOTICS - (Grades 2-5) Build and program Lego based robots using laptops. Investigate scientific questions and design solutions to real world problems no matter the skill level. Use an earthquake simulator built of Legos to help design a earthquake resistant building or design a Lego prototype of Rover to explore distant planets. This program is at least 1/2 day and can be a whole day.

MAD SCIENCE - (All grades) Join our team of mad scientists to conduct interactive experiments and create wild concoctions with chemistry and physics. Design, build and float your boat, as well as other experiments.

KINDERNAUTS - (Pre-K and Kindergarten) Students suit up and explore rockets, space, the life of an astronaut and the solar system.

SPACE CAMP - (Grades 1-3) Explore our space program, our solar system and beyond.

BUBBLES, BUBBLES EVERYWHERE - (All grades) Super science fun! And a way to stay clean?

BUILD IT BETTER! - (All grades) Building challenges - Students work in groups, take what they are given and problem solve to build the tallest structure or a bridge to cross the river.

3D Printer - (All grades) We will show you h ow to use this new cool scientific equipment.

ROCK THE PARK

Become a part of the movement of spreading little acts of kindness. Design and paint a rock, hide them in our park. When found, re-hide them elsewhere in hopes that it will make someone else smile!

Find a rock at Harrison County Recreation Complex? Or make your very own to hide on our property.

Take a photo with the rock and post it on our facebook page at facebook.com/harrison.parks.75 we may post it on the media page of our website at www.hcparks.org.
HARRISON COUNTY, WEST VIRGINA

WALKING WITH DINOSAURS

presents

NEW FOR 2018
Jan 29 - April 1

THE DINO INSTITUTE
EXPLORE EXCAVATE EDUCATE

OPEN TO THE PUBLIC
FRIDAY
4PM - 8PM
SAT. & SUN
NOON-6PM

"OLD BONES MEET NEW SCIENCE"

Come immerse yourself in the world of the most spectacular creatures to ever walk the earth. You are invited to join our interdisciplinary study of dinosaurs. Recent discoveries and advancements in science allow us to merge the "Bare Bones" approach with technology to experience dinosaurs in a new light.

FOR THE FIRST TIME OUR DINOSAURS MOVE!
SEE THE 40 FOOT T-REX.

FEATURING

- Full sized dinosaur skeletons
- Paleo detective work - *Determine how to put bones together.*
- Dinosaurs with feathers
- Dinosaur family values
- Extinction Event - *Dinosaurs take a direct hit at the K-T boundary*
- Life size Pachycephalosaurus
- Dozens of fossil displays

and much more...

PREHISTORIC FOSSIL DIGS

NEW - Participants will take part in a prehistoric marine creature dig, identify real fossils and determine the animal it came from. Take home authentic fossil collection you found.

INTERACTIVE 3-D PUZZLES

New puzzles - build free standing 6' long 3-D puzzles of prehistoric creatures.

SATURDAY "KID'S DAY"
Fossil Digs 1pm, 3pm & 5pm
Register day of event
spaces are limited

SUNDAY WITH A PALEONTOLOGIST
Ray Garton and Zack Heck will be available for meet & greet sessions to answer your questions.

SLEEPING WITH DINOSAURS

For 6-13 year olds (must be accompanied by an adult)
Fridays, Feb. 16, March 2, and March 16,
Taking reservations beginning February 1.
